INDEPENDENT AUDITOR'S REPORT

To The Board of Directors
Equip, Inc. DBA Equip International
Marion, North Carolina

Opinion

I have audited the accompanying financial statements of Equip, Inc. DBA Equip International (a non-profit organization) which comprise the statements of financial position as of December 31, 2023 and 2022, and the related statements of activities and cash flows for the years then ended, and the related notes to the financial statements.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Equip, Inc. DBA Equip International as of December 31, 2023 and 2022, and the changes in its net assets and its cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Basis for Opinion

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. My responsibilities under those standards are further described in the Auditor's Responsibilities for the audit of the Financial Statements section of my report. I am required to be independent of Equip, Inc. DBA Equip International and to meet my other ethical responsibilities in accordance with the relevant ethical requirements related to my audit. I believe that the audit evidence I obtained is sufficient and appropriate to provide a basis for my audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Equip, Inc. DBA Equip International's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

Auditor's Responsibility for the Audit of the Financial Statements

My objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes my opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee than an audit conducted in accordance with generally accepted auditing standards will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements, including omissions, are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with generally accepted auditing standards, I:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of Equip, Inc. DBA Equip International's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in my judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Equip, Inc. DBA Equip International's ability to continue as a going concern for a reasonable period of time.

I am required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control related matters that I identified during the audit.

NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Organization

Ministry Overview

Equip, Inc dba Equip, International “Organization” is a non-profit, non-denominational Christian ministry headquartered in Marion, North Carolina. The Organization embraces an understanding of the Scriptures which clearly recognizes that the response of the believer to human need is an integral part of the Gospel. The love of Christ in us and through us must be demonstrated as well as heard as we bear witness.

Their mission, therefore, is to prepare, send and support evangelical missionaries to assist the church around the world to be:

- Responsive to the poor
- Sensitive to the Holy Spirit
- Focused on personal evangelism
- Practically engaged in strengthening the Body of Christ

Estimates

The preparation of financial statements in conformity with US generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Basis of Accounting

The accompanying financial statements have been prepared on the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America. Consequently, revenues are recognized when earned and expenses are recognized when the obligation is incurred.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 31, 2023 AND 2022

**NOTE A – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES
(CONTINUED)**

Cash and Cash Equivalents

Cash and cash equivalents include all cash balances and highly liquid investments with an initial maturity of six months or less.

Net Assets

Board-Designated Net Assets

Net assets without donor restrictions are subject to self-imposed limits by action of the governing board. Board-designated net assets may be earmarked for future programs, investment, contingencies, purchase or construction of fixed assets, or other use.

Donor-Imposed Restrictions on Net Assets

A donor stipulation that specifies a use for a contributed asset that is more specific than board limits resulting from the following:

1. The nature of the not-for-profit entity
2. The environment in which it operates
3. The purpose specified in its articles of incorporation or bylaws or comparable documents for an unincorporated association.

Some donors impose restrictions that are temporary in nature, for example, stipulating that resources be used after a specified date, for particular programs or services, or to acquire buildings or equipment. Other donors impose restrictions that are perpetual, for example, stipulating that resources be invested in perpetuity. Laws may extend those limits to investment returns from and other enhancements (diminishments) of those resources, thus extending donor-imposed restrictions (donors include other types of contributors, such as grantors).

Income Tax Status

The Organization is exempt from federal income tax under Section 501 (c) 3 of the Internal Revenue Code and is classified as a public charity under Section 509 (a) (2) of the Code and therefore has made no provision for federal income taxes in the accompanying financial statements. There was no unrelated business income for the year ended December 31, 2023 and 2022.

Non-Cash Contributions and Donated Services

Donated property, marketable securities, and other noncash donations are recorded as contributions at their estimated market value at the date of donation. Unpaid volunteers have made contributions of their time and services in assisting the Organization in its daily operations. The value of this contributed time is not reflected in these statements since it is not susceptible to objective measurement or valuation.

Support and Revenue Recognition

Support restricted by the donor is reported as an increase in net assets without donor restrictions if the restriction expires in the reporting period in which the support is recognized. All other donor-restricted support is reported as an increase in net assets with donor restrictions. When a restriction expires, net assets with donor restrictions are released to net assets without donor restrictions.

Fixed Assets and Depreciation

Acquisitions of equipment and improvements are stated at cost except for donated equipment, which is stated at fair market value at date of receipt. It is the Organization's policy to capitalize expenditures or donations of these items with values or costs in excess of \$5,000. Items of lesser amounts are expensed. Depreciation is computed annually using the straight-line method over the assets' estimated useful lives. Maintenance and repairs are charged to operating expense as incurred. Cost of renewals and betterments, which materially extend the useful lives of the assets or increase their productivity, are capitalized. Depreciation expense for the years ended December 31, 2023 and 2022 was \$ 19,649 and \$ 20,065, respectively.

Functional Allocation of Expenses

The costs of providing the various programs and other activities have been summarized on a functional basis in the statement of activities. Accordingly, certain costs have been allocated among the programs and supporting services benefited. The Organization does not conduct activities that include fundraising appeals combined with program and support activities.

Advertising

Advertising or promotion costs are expensed as incurred. Promotion expense was \$ 8,570 and \$ 18,793 for the years ended December 31, 2023 and 2022, respectively.

Accounts receivable

Accounts receivable are stated at the amount management expects to collect from outstanding balances. Management provides for probable uncollectible amounts through a provision for bad debt expense and an adjustment to a valuation allowance based on its assessment of the current status of individual receivables. Balances that are still outstanding after management has used reasonable collection efforts are written off through a charge to the valuation allowance and a credit to the applicable accounts receivable. Management's assessment of accounts receivable at December 31, 2023 and 2022 determined that all accounts receivable were considered collectible. Accordingly, there was no provision for bad debt expense or related adjustment to the valuation allowance account for the year ended December 31, 2023 and 2022.

NOTE B – CONCENTRATION OF CREDIT RISK

The Organization maintains its cash in financial institutions insured by the Federal Deposit Insurance Corporation (FDIC) for balances up to \$ 250,000. At certain times, the Organization's bank balances may exceed the FDIC limit. The Organization has not experienced any losses in those accounts.

NOTE C – RELATED PARTY TRANSACTIONS

Joint Venture

The Organization participates in a joint venture through a Joint Ministry Agreement with Equipping Christian Workers Society (Equip-Canada), based in Victoria, British Columbia. Both organizations share the same purpose. Equip-Canada accepts donations for the Organization's missionaries that have Canadian donors. The Organization accepts donations on behalf of Equip-Canada. The Organization has six missionaries that have accounts with Canadian donors. Funds are reconciled and transferred quarterly. The Organization provides administrative services on behalf of Equip-Canada during the year. The type of services and related consideration were provided as follows:

NOTE J – FAIR VALUE MEASUREMENTS

The Organization follows Financial Accounting Standards Board (FASB) ASC 820 *Fair Value Measurements and Disclosures* which established a fair value hierarchy to increase consistency and comparability in fair value measurements and related disclosures. The fair value hierarchy is based on inputs to valuation techniques used to measure fair value that are either observable or unobservable. Observable inputs reflect assumptions market participants would use in pricing an asset or liability based on market data obtained from independent sources while unobservable inputs reflect a reporting entity's pricing based upon its own market assumptions. The fair value hierarchy consists of the following three levels:

Level 1 – Inputs to the valuation methodology are unadjusted quoted prices for identical assets or liabilities in active markets that the Organization has the ability to access.

Level 2 – Inputs to the valuation methodology include quoted prices for similar assets or liabilities in active markets; quoted prices for identical or similar assets or liabilities in inactive markets; and inputs that are derived principally from or corroborated by observable market data.

If the asset or liability has a specified (contractual) term, the Level 2 input must be observable for substantially the full term of the asset or liability.

Level 3 – Inputs to the valuation methodology are unobservable and significant to the fair value measurement.

The fair value of each financial instrument was measured using FASB ASC 820 input guidance and valuation techniques.

The following is a description of the valuation methodology used for assets measured at fair value. There have been no changes in the methodology used at December 31, 2023 and December 31, 2022:

NOTE J – FAIR VALUE MEASUREMENTS (CONTINUED)

Certificates of Deposit, Annuities and Mutual Funds - These investments are public investment vehicles valued using the closing share price at a specific date. These investments are classified with Level 1 of the valuation hierarchy.

The preceding method described may produce a fair value calculation that may or may not be indicative of net realizable value or reflective of future values. Furthermore, management believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date.

NOTE K – LIQUIDITY AND AVAILABILITY OF RESOURCES

The following reflects the Organization's financial assets as of December 31, 2023, reduced by amounts not available for general use within one year of the statement of financial position date because of contractual or donor-imposed restrictions or board designations.

Financial assets:	\$ 1,766,976
<i>Less those funds unavailable for general expenditures due to:</i>	
Restricted by donor with time and purpose restrictions	826,146
Designated by board for Organization's ministry programs	<u>204,736</u>
Financial assets available to meet cash needs within one year	<u>\$ 736,094</u>

The Organization manages its liquid resources by employing a variety of measures. The Organization focuses on generating adequate contributions to cover the costs of its activities. In addition, the Organization invests excess cash in investments to maximize return, taking into consideration the Organization's low tolerance for investment market risk. The Organization also monitors costs closely. The Organization had no outstanding balance on this line of credit as of December 31, 2023.
